

01305 558100 / 07570 770780

## Terms of business

Wessex PAT testing will carry out portable appliance testing, in accordance with the Electricity at Work Regulations 1989, which states electrical equipment that has the potential to cause injury is maintained in a safe condition.

Our tariffs are, £39.95 plus £1.00 per item tested (discounted over 100 items to 0.90p). No VAT is charged.

For over 100 items contact the office for a personalised quote 01305 558100 / 07570 770780.

Radiation test for microwaves £3.50. No VAT is charged.

To carry out minor repairs during an onsite visit we have the following tariff;  
Replacing plugs £4.50 (including new plug) per item. No VAT is charged.  
Rewiring / repairing plug and shortening cables £2.50 per item. No VAT is charged.

A while you wait service is available at our workshop in Milborne St Andrew, near Blandford with a tariff of £3.50 per item (min £10.00) by appointment only. No VAT is charged.

A PDF certificate will be provided via email **once** payment has been received.

We accept payment to our bank account as per the invoice or cash at the time of testing. We are unable to accept card payments.

We use the latest 5<sup>th</sup> edition Seaward testing equipment which is calibrated every 24 months to ensure accuracy.

We reserve the right to add extra charges if equipment is difficult to reach and expect any equipment or furniture to be moved allowing access to plugs.

For our privacy policy see <https://wessexpattesting.co.uk/privacy-policy>

Our testers are fully DBS checked.

Wessex Pat Testing is covered by Public / Product Liability insurance of £2,000,000.

Complaints should be emailed to [steve@wessexpattesting.co.uk](mailto:steve@wessexpattesting.co.uk) we pride ourselves on customer service but we are human and don't everything right, every time. Your feedback is always welcomed and where necessary acted upon.
